

# RELEASE YOUR EX

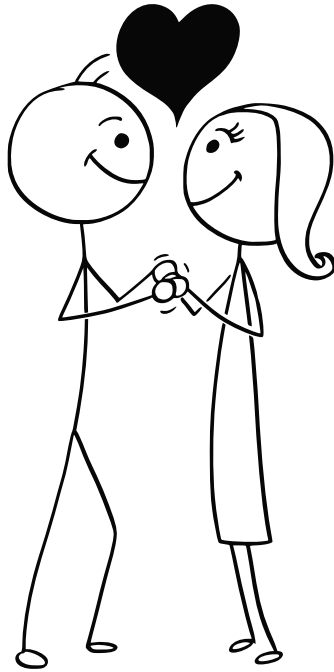

by Tiffany Manchester

this love was  
different

you thought it would last

together forever

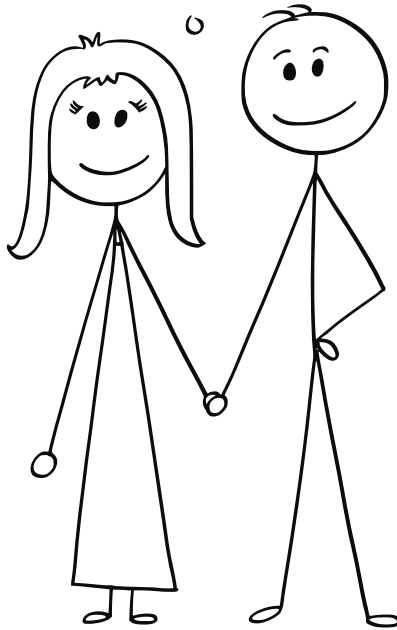

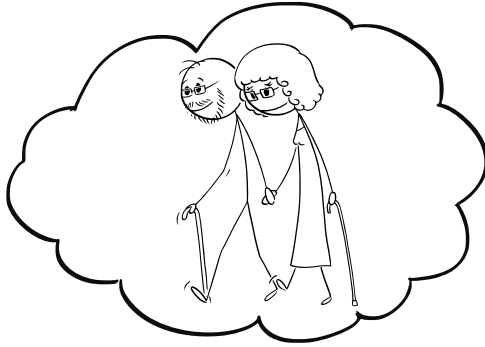

you found him at last

you had stars in  
your eyes

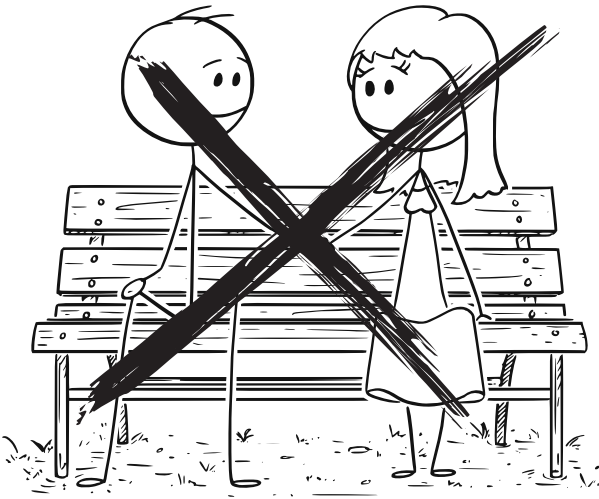

oh my what a vibe!

the future was set

this love, so divine

but now things are  
different

and he's not in your  
life

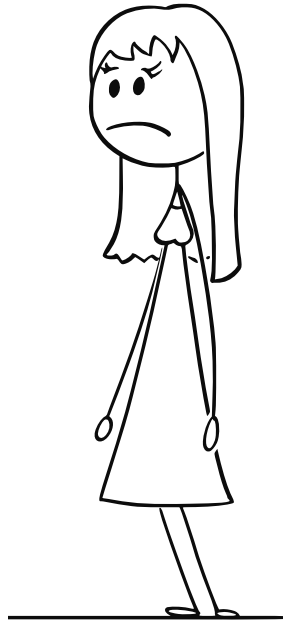

yet you cling to the  
past

wondering why

as each glorious new moment  
passes you by...

he's gone my love  
and he's not coming  
back

you're gonna be fine  
just sit back, relax

you've lost your way  
at least that's what  
you think...

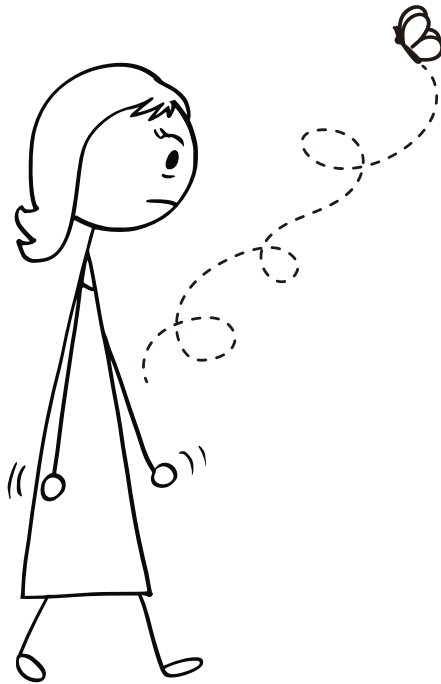

but the truth is so different  
oh dear please believe!

the angels are near  
can you hear what they say?  
will you do as they ask?  
let them lead the way?

we know this is not  
how you thought it would be

yet there's nothing to fear  
...just let the fog clear

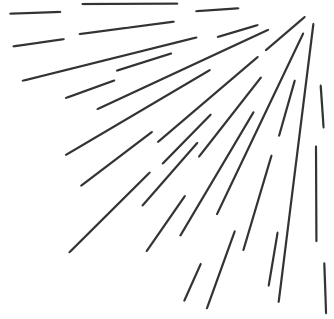

now take our hand  
we'll brighten your day  
with sweet songs of love  
we'll bring joy along

you know it's the only way  
we know how to play!

come down to your knees

take time out to breathe

it's never too late

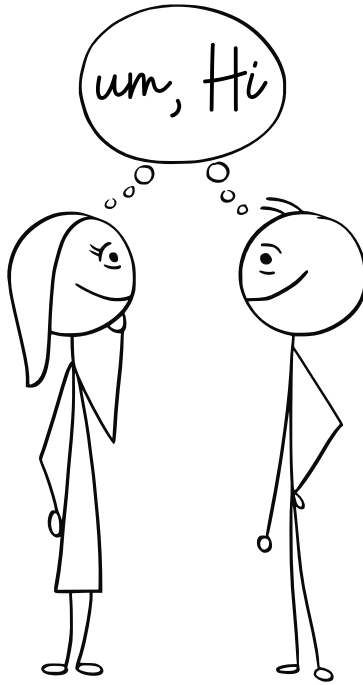

oh dear please believe

open your mind...  
now what do you see?

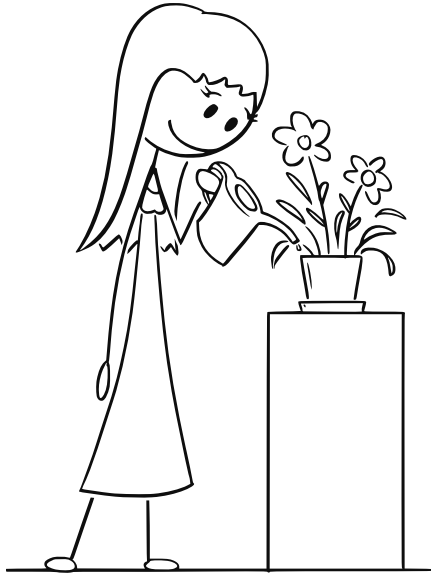

your future is bright  
possibility!

release your despair  
there's new love in the air!

he's gentle and kind  
adores you with care

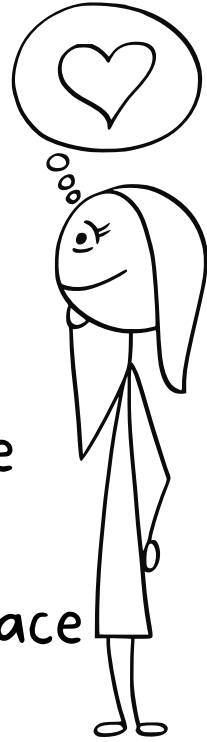

it's safe to let go  
and trust what's ahead

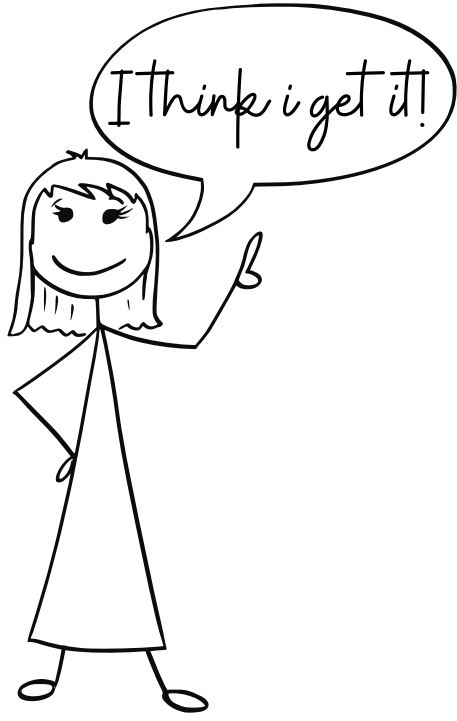

dream up a new dream  
and believe it will be

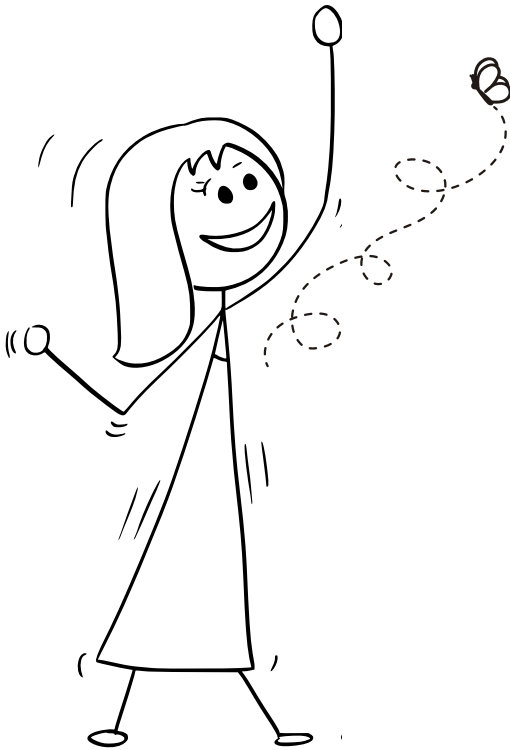

love all that was  
to love what will be  
that's how to forgive  
and come back to peace

give it time  
and soon you will find  
the darkness is gone  
it was all in your mind

if you feel down  
stand up from the ground

look up now and see  
you've always been free!

we've got you covered  
we've got your back  
don't lose faith in the future  
there's no turning back!

believe in your Self  
dive deep within

go ahead...  
let new time begin!

you've got what it takes  
if only you'd see

just remember to breathe  
and always believe.

THE END.
